HAPPY ST. PATRICK'S DAY
CELEBRATE OUR 66TH ANNIVERSARY IN AMERICA WITH US!

Most people would probably not expect a close association between St. Patrick's Day and the DeCicco family. On this day in 1958, they first arrived in New York harbor from Calabria, Italy, to settle in SoHo, then populated by many recent immigrants. From this day forward, St. Patrick's Day served as a reminder to the DeCicco family of the beginning of their new lives in America, where all of their efforts, successes, and future endeavors were yet to unfold.
